

CASE CLASH

☀️ Dive into the realm of intellect and innovation with "Case Clash," a dynamic fusion of case study and debate competition in the realm of civil engineering. 🚀

Theme: Civil Engineering related

Participation limit: Each team can have maximum 2 participants.

Event Structure:

Round 1: Case Study Submission:

- **Objective:** Problem Statement for the case study will be released in **the second week of march.**
- **Rules:**
 - Participants will have to submit their case study on the **PS within a given deadline.**
 - It should consist of **maximum 6 slides excluding introductory and Thank You slides.**
 - This will be in **online mode.**

Round 2: Debate competition:

- **Objective:** Shortlisted Participants will be called **offline** to take part in the debate competition.
- **Rules:**
 - **Topic for the debate** would be provided **2 hours prior** to the event.
 - Participants will have to **speak either for or against the statement given, they will be informed.**

- Participants must maintain the decorum of the debate.
- **Each participant** will be given **4 minutes to speak** followed by **2 minutes of questioning by other teams**.
- Participants will be judged on **choice of words, impact, presentation, clarity while speaking, answers to questions asked** and **relation to facts**.
- Mention of **statistical information is appreciated** but it **should be factual**.
- To ensure fairness and a focused environment, we adhere to a "**No Cross-Questioning**" policy. Once a participant responds to a question, **there will be no subsequent questioning directed back at them**, even if the **original question was posed by the same participant**. This rule aims to maintain a **smooth and respectful flow** during interactions, fostering an atmosphere conducive to thoughtful responses.

Prizes:

- **1st Position: ₹4,000 + Goodies**
- **2nd Position: ₹2,000 + Goodies**
- **3rd Position: ₹1,000 + Goodies**

Registration Fees: ₹49 per participant

 *Join us at Case Clash, where minds collide, ideas clash, and solutions emerge - a celebration of critical thinking and innovation in civil engineering, as we celebrate the brilliance of Civil Engineering knowledge **at Shilp, the annual fest of the Civil Engineering Department, IIT (BHU).***
